

CT appoints Guillermo Galbete as General Manager of CT Solutions

Madrid, 9 April 2024. CT, a leader in the engineering sector and in integrating product and asset lifecycle solutions, is pleased to announce the appointment of Guillermo Galbete as the new General Manager of CT Solutions, succeeding Joan Font's legacy of over thirty years. With extensive experience and a proven track record of achievements, Guillermo will bring strong leadership and strategic vision to guide the company in its next phase of growth and development.

Before joining CT, Guillermo was a partner at Accenture, where he led major transformational deals and oversaw their implementation as the Director of Transformation in Industry X. He also held key roles as the account manager for the leading travel and transport client, served as Director Lead in the Digital Products industry, was responsible for the Industrial Team of Accenture Iberia, and Director of Business and Technological Transformation in the automotive industry.

In Guillermo's words, "I am thrilled to join CT, a company that has experienced sustained growth over 35 years thanks to the commitment and excellence of its employees, its long-term relationships with clients and suppliers, and its ethos of 'leading by example'. I am also excited to bring my experience in consulting, services, and strategy, supported by the backing and legacy of Joan Font."

About CT

CT is made of two groups, CT Engineering and CT Solutions. CT Engineering provides innovation and engineering services in the aeronautical, space, naval, automotive, rail, energy and industrial plants sectors. CT pushes the boundaries of technology through innovation, raising performance to new levels throughout the entire life cycle of products, from design, manufacturing to post-sales support. CT Solutions integrates PLM software and services that help companies to simulate the real world before it is physically created, in the fields of product design and manufacturing, for example to create digital twins, or plan for maintenance.

With over 35 years of experience, today CT's success is driven by more than 2,000 talented employees based in nine countries, spanning three continents.
